CONTRACT TESTING SERVICE

AUTOSAMPLER ASSS

Exactly and reproducible measurements can be done with our full automatic test equipment with a sample supply system. EPLEXOR® will save your time and money.

Each **EPLEXOR®** can be extended with the Automatic Sample Supply System (ASSS) to a fully automatic material test system.

The unique sample supply system (ASSS) with its optional sample dimension determination extends the application range of the **EPLEXOR®** series to fully automatic production and quality control. This system guarantees the highest possible sample throughput during tests within the entire temperature range from -150 °C to $+500\text{ °C}$.

EPLEXOR® 500 N with Autosampler

How to find us

NETZSCH GABO Instruments GmbH
Schulstraße 6
D-29693 Ahlden
